Fan Coil/Resilient Mount Motors

Available with outputs up to 750watts at 4 & 6 pole. Double and single shaft versions available.

Radial Mounts/Blower Motors

Mountings include the 3 arm radial mount, lug mount and end shield mount. Outputs up to 1400watts with models available from 4 to 6 pole.

B56/60 Range

(new models manufactured in the UK)

Available as mechanically rated, evaporator and totally enclosed fan cooled models. Outputs up to 1400watts from 2 to 8 pole. Mountings available include solid foot, resilient mount and flange.

Skeleton Motors

(new models manufactured in the UK)

Shaded pole motors with outputs up to 18 watt. Various mountings and shaft dimensions from stock.

33 Frame

(new models manufactured in the UK)

Outputs up to 100watts from 2 pole to 6 pole. Mounting options include stud, tapped hole, foot mount or bracket. Plain shaft and fan hub available.

Unique modifications available

SALES@REMCO.CO.UK

Axials

154mm to 710mm blades, motors from 2 pole to 8 pole, Single and three phase, Terminal Boxes if required. Plate fans also available.

Backward Curve

Diameters from 133mm to 250mm from stock. Provide quiet, efficient performance, most effective in high static pressure applications.

Burner Motors

Oil and gas fired burner applications with flange mountings. Outputs up to 750watt from 2 to 4 pole. Specific models available with pump couplings.

Accessories

Remco offers a wide selection of accessories including fan scroll wheels, blades, mounting kits and plates, speed-controllers, capacitors and many more.

Our experienced team are also on hand to fabricate one off pieces for specific applications.

01243 869905

Elco refrigeration

Remco is the UK distributor of Elco motors. Elco are industry recognised as a superior motor manufacturer with over 50 years experience in the production of fan motors for refrigeration and airconditioning applications.

ELCO ECM

The industry is changing!!!

Elco has designed a range of Electronic Commutated Motors (ECM) for use in commercial refrigeration applications. Increased efficiency assures energy saving of up to 80% to meet the parameters set by current legislation.

Elco's engineers are at the forefront in the development of ECMs, allowing Remco to continue supplying the high standard of motors that our customers expect. Elco engineers have now developed their 4th generation of ECM leading to increased reliability and durability.

Refurbishment

REFURBISHMENT

Remco offers a fan deck and blower unit refurbishment service. Our aim is to remove all the hassle from replacing old motors and damaged fan wheels from dirty units. With a FOC collection service, we can refurbish your current unit at a fraction of the cost of replacing it new. Remco's experienced team in our fully equipped workshop can refurbish and return your units, usually within days. Alternatively, if you are able to visit us in Bognor Regis, we can refurbish your unit whilst you wait.

The refurbishment includes FOC collection and inspection on arrival, followed by a no obligation quote. Once the quotation is approved each unit is then disassembled, thoroughly cleaned in our specialised industrial cleaning unit and then reassembled using replacement components, only where necessary and a new motor. The unit is then tested prior to a speedy despatch.

All work carried out is also covered with Remco's 12 month warranty!

We take great care to make sure we only replace those components which are unserviceable. This keeps your cost to minimum and less than the cost of a complete new unit.

Please ask for a no obligation quote.

REMCO SERVICE

Remco has been supplying the industry with replacement powered motors and accessories for over 30 years.

With the backing of the Regal Beloit Group, Remco is now a larger, fully equipped premises and we are developing our service to include an increasing number of UK manufactured motors.

Elco is also part of our group and only Remco and our appointed distributors are able to offer their quality range of replacement motors for the refrigeration industry.

Our business here at Remco was built on the foundations of strong technical support and excellent customer service. Our aim is to maintain these high standards.

Delivery options

Standard (2/3day) parcels.

Next day parcels: Pre 12pm delivery; Pre 10am; Pre 9am.

For a next day service, please send us your order by 4pm. Contact us for more information and we will still do our utmost to despatch your parcel.

AFTERCARE ADVICE

- Use cuticle oil every morning and night. This will not only condition your cuticles but will nourish the root of the natural nail allowing it to produce stronger, more flexible and non-flaking natural nails and prolong the life of your gel manicure.
- Be careful using sun tan lotion, insect repellent and chlorine. Always wash your hands after use.
- Be careful using make-up, hair dye, self-tan products and when eating/handling strong coloured foods such as curry and spices as they will stain your manicure. Ensure you use gloves and wash your hands after application.
- Use protective gloves for housework, gardening, DIY etc. as household chemicals will damage your manicure and also dry out your natural nail.
- Moisturise your hands every time after washing hands. This will allow the skin to stay smooth and youthful.

Nails are jewels, not tools!

The Nash Conservatory is the oldest of the 19th Century glasshouses at Kew and is of major historical and architectural importance, having been moved brick by brick from Buckingham Palace by King William IV in 1836.

This beautiful glasshouse provides a versatile space and is licenced for civil ceremonies for up to 200 guests. It is used in conjunction with the Princess of Wales Conservatory and Orangery as part of the Multi Venue package offering you the most unique wedding in London.

Capacities

Civil Ceremony	200
Drinks Reception	200

Royal Botanic Gardens
Kew

Visit: www.kew.org/venue-hire

The newest addition to Kew's venue portfolio, the stunning, freshly restored Temperate House, which is the largest Victorian glasshouse in the world, re-opened in May 2018 after a five-year closure.

Originally opened in 1862, it is a Grade I-listed show house which is home to some of Kew's largest plants. With pitched roofs and pillars supporting wrought-iron ribs, the House has a mix of decorative motifs, finials, pediments, acanthus leaf capitals, Coade stone urns and statues.

The impressive glasshouse can host your evening wedding reception amongst 10,000 species of rare and threatened plants, making it London's most unique glasshouse for an unforgettable wedding reception.

Capacities

Welcome to the Park Tavern

Our award-winning chefs, Stuart and Billie, prepare all our dishes from scratch and use only the best suppliers within a 12-mile radius, ensuring that your food will be as fresh and delicious as possible. We hope you enjoy their efforts.

Every Friday (12pm-3pm and 5pm-9pm) we offer a two-for-one on our popular beer-battered fish and chips, while on Sundays our selection of roast dinners – as well as live acoustic music – take centre stage. We strongly advise booking for both days to avoid disappointment.

Please let our experienced team know of any food allergies or dietary requirements before ordering, as some dishes may contain ingredients not highlighted in our menu description.

Thank you for your visit.

A succulent roast beef, sliced to reveal a pink, tender interior, is presented on a rustic wooden cutting board. The beef is garnished with fresh green herbs. Accompanying the meat are several golden-brown Yorkshire puddings. In the background, two glasses of red wine and a dark cloth are visible, creating a sophisticated dining atmosphere.
